**35 USC §102 and §103 Rejections**

Claims 1-10 were rejected under 35 USC §103(a) as unpatentable over WO 00/05066 in view of Knaster et al. The Examiner has indicated that the rejection cannot be overcome by reliance on Applicants' foreign priority papers where an English-language translation of said papers has not been made of record. Enclosed herewith as Exhibit 2 is an English-language translation of the priority papers, namely Japanese Application No. 11-230060. It is respectfully requested that this rejection be withdrawn in view of Applicant's priority date.

Claims 1-10 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over Claims 1-3 and 12 of U.S. Patent No. 6,478,860 in view of Knaster et al. In response to this rejection, please find enclosed a terminal disclaimer, in compliance with 37 C.F.R. 1.321(c). The reference relied upon and the instant application are currently owned by the same party. It is respectfully requested that this rejection be withdrawn in view of Applicants' terminal disclaimer.
